Government of Pakistan
Ministry of Energy
(Power Division)

Islamabad, the November 05, 2021.

NOTIFICATION

S.R.O. 1418 (I)/2021.- In pursuance of sub-section (7) of section 31 of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (XL of 1997), the Federal Government is pleased to notify the Winter Incentive Package for period of 1st November 2021 to 28th February 2022, in pursuance to National Electric Power Regulatory Authority's order dated 3rd November 2021. The benchmark consumption methodology approved by Cabinet is attached as Annex-A.

Order

In view of the aforementioned discussion, submissions made by the stakeholders during the hearing and afterwards, the Authority has no objection in approving the instant proposal regarding winter incentive package for Residential, Commercial and General Services Consumers of XWDISCOs as proposed by the Ministry of Energy as mentioned below;

- i. The Package shall be applicable for winter months i.e. from 1 Nov. 2021 till 28th Feb. 2022.
- ii. The reference period for incremental consumption will be Nov. 2020 to Feb. 2021.
- iii. Rate of Rs.12.96/kWh shall be charged to Domestic consumers (Non-ToU) on the incremental consumption, above monthly 300 units or above the reference consumption in the corresponding months of reference period, whichever is greater.
- iv. Rate of Rs.12.96/kWh shall be charged to Commercial consumers (Non-ToU) and General Services consumers on the incremental consumption above the reference consumption in the corresponding months of reference period.
- v. Rate of Rs.12.96/kWh shall be charged to Domestic consumers (ToU) and Commercial consumers (ToU) on the respective peak/off-peak incremental consumption, above the reference peak/off-peak consumption in the corresponding months of reference period.
- vi. New and existing consumers having no reference consumption available in period of November 2020 to February 2021 shall be offered same package at the concessionary rate of Rs.12.96/kWh through benchmark consumption methodology.
- vii. No quarterly adjustments would be applicable on incremental consumption.
- viii. On incremental consumption, only positive fuel price adjustments shall be passed on to the consumers availing incremental consumption package

Benchmark consumption for consumers other than single phase domestic	
Reference Consumption	MDI * Hrs *(Load Factor(%) of particular consumer category)
Where : *MDI= Maximum Demand Indicator of the respective consumer for the given month *Hrs= No. of Hours in the given month *Load Factor as provided in the Consumer Service Manual (as updated from time to time) *Respective reference consumption for ToU consumers will be prorated for Peak & off-Peak hours *Package shall not be applicable to connections having non availability of MDI for the respective months	

Benchmark consumption for single phase domestic consumers	
Reference Consumption	Maximum of: a) 300 units; OR b) MDI * Hrs *(Load Factor(%) of particular consumer category)
Where : *MDI= Maximum Demand Indicator of the respective consumer for the given month *Hrs= No. of Hours in the given month *Load Factor as provided in the Consumer Service Manual (as updated from time to time) *Package shall not be applicable to connections having non availability of MDI for the respective months	

Percentage of Load Factor for Different Types of Connections

Sr. No.	CATEGORY OF CONNECTION	Load factor to be charged
A-1 GENERAL SUPPLY TARIFF - RESIDENTIAL		
01	Single Phase	20%
02	Three Phase	25%
A-2 GENERAL SUPPLY TARIFF - COMMERCIAL		
03	Single Phase	20%
04	Three phase	25%
A-3 GENERAL SERVICES		
05	Single phase	15%
06	Three phase	20%
